ETHEL BARRYMORE IN HER SCREEN DEBUT

America's favorite stage star, Ethel Barrymore, now a permanent member of Metro's star of stellar artists will next make her bow from the screen here in "The Kiss of Hate," which appears at the Orpheum today. Miss Barrymore, who made her debut in Metro pictures in "The Final Judgment," won such a sweeping success in this production, duplicating on the screen the countless triumphs which have been hers in the spoken drama, that Metro concluded a contract with her under the terms of which she receives a higher price per picture than any other stellar artist now appearing on the screen.

Miss Barrymore's contract with Metro calls for the production of at least four pictures a year for a term of three years, for each of which she is to receive the sum of \$40,000, or \$480,000 in all.

"The Kiss of Hate," which was directed by William Nigh of the Columbia Pictures Corporation, who produced "A Yellow Streak" and other Metro screen masterpieces, is the first of these de luxe photoplays to be released on the Metro program and was written especially for Miss Barrymore by Madame de Grasse. H. Cooper Cliffe, the eminent English dramatic actor, will be seen in support of the star.

"The Kiss of Hate" deals with the tragic experience of Nadia Turgeneff, whose father, the Governor of Valordia, a Russian province, notorious for its persecution of the Jews, is assassinated by the Prefect of Police, who is the real power in the district. How the Prefect seeks to make Nadia serve his own base purposes by threats of torture and Siberia for her only brother, and how she curses him,

why not?

You enjoy music.
Every member in your home enjoys music.
The taste may vary—but everyone enjoys some kind of music.

Music was created to be enjoyed.
It contributes essentially to the joy of living.
It broadens, it elevates, it inspires.
It lends zest to the appetite of life. The

VICTROLA

place this music in your home.
The cost of the Victrola is negligible to the real pleasure derived. It should be essentially a part of living as the house that shelters you. The purchase of a Victrola should be regarded as an investment—not an expense.

It will pay unceasing dividends in the added enjoyment of life. You will live on a higher plane with a Victrola in your home. Every member of the family will be beneficially influenced. It will knit closer the ties of your family companionship. It should not be a question "Can We Afford a Victrola?" Rather "Can We Afford to be Without One?" Won't you come in and give us the pleasure of demonstrating them to you.

We're always eager to show you the wonderful possibilities of this marvelous instrument. We derive as much pleasure from the demonstration as you do.
